- Knowledge of ORM concepts and frameworks (Entity Framework/Nhibernate; ASP.NET, ASP.NET MVC)
- Strong Knowledge and competency in C# (generics, events, LINQ, etc.)
- Knowledge of UML modeling (Class diagram, Activity Diagram, Sequence Diagram)
- Knowledge of JavaScript, AJAX/JQuery.
- Knowledge of a Content Management Software Package will be considered a plus
- Knowledge of testing frameworks (MsUnit, NUnit etc) SQL knowledge
- Higher Education (Bachelor degree or higher)
- At least Intermediate English Level.

Personal skills:

- Fast learner
- Proactive person
- Strong problem-solving skills and ability to be a successful member of the team
- Good team player
- Willingness to embrace the concept of iterative development as the means for building excellent products
- Readiness to give all the effort necessary to do an excellent job
- You are a perfectionist; knowing how it should be done and not stop until it's done right
- Good Communication skills.

What's in it for you?

- Trending technologies
- Strong Scrum processes
- Interesting business domain
- A good view of your Career Path in Company

- Competitive salary, based on skills & experience
- Business trips
- Health Insurance
- Variety of knowledge sharing, training and self-development opportunities
- Covering of studying opportunities (books, conferences, trainings)
- Friendly team
- Long-term employment with 20 working-days paid vacation, private health insurance and other social benefits
- Unique working environment where you communicate and work directly with client
- Cool, centrally located offices with warm atmosphere which creates really good working conditions

Qualified candidates should submit the letter of interest, the updated CV and the copies of supporting documents including letters of reference, to the following email address: hr@ikubinfo.al with the subject .NET Developer.
