

ikubINFO is the largest software engineering company in Albania.

The team of 100+ certified developers in modern technologies is our key to success. While solidifying our position in Albania as the leader company in providing software engineering services for the most important e-Government systems in Albania, we are expanding our activities in European markets as well.

We are looking for motivated and passionate developers to join us in the position of:

Front End Developer

Front End Developers at **ikubINFO** design, plan and develop web based applications using technologies such as Angular, React, VueJS etc. Our front-end developers love writing code but have a keen eye on usability and user interaction, they love to work in teams, have excellent communication skills, are willing to learn, explore, experiment and have the desire to find the best solution for the job at hand.

Your responsibilities:

- Develop well designed, testable and maintainable code
- Analyze requirements and suggest smart solutions
- Set priorities on tasks and assignments
- Deploy and maintain solutions

Your Profile:

- University degree in computer science or similar
- 1+ years of experience with either AngularJS/Angular, Vue, React etc.
- 1+ years of experience with CSS, HTML, JavaScript and/or TypeScript development
- Experience with REST architecture style
- Experience with version control systems such as Git
- Understanding or willingness to learn engineering and optimization best practices regarding frontend web standards, code maintainability, page rendering, and browser performance.
- Higher Education (Bachelor degree or higher)
- Excellent Communication skills
- Willing to research, learn and improve

Benefits:

- Working with new technologies and based on best practices in software engineering

- Working on a broad variety of important projects, application areas, and industries in Albania and Europe
- Long-term relationship with our staff and a great place to learn and grow professionally
- Personalized growth plan, mentoring, coaching, career development, evaluations, and benefit programs.
- Great office location, in the heart of Tirana.

Qualified candidates must send a letter of interest, an updated CV and a copy of the supporting documents at hr@ikubinfo.al with the Subject “**Front End Developer**”
